*** BEGIN PGP DECRYPTED/VERIFIED MESSAGE ***

I haven't seen anything about this on the Spanish forums... this 100% BS IMHO. Voyager seems to be quite well informed apart from that. I wish we knew who he is... he seems pretty dangerous. The Blocker's code he made (I assume he is the one who wrote it) is pretty strong. What about starting to do some stalking on that guy? Can you get his IP from a forum? Maybe GSI can help...
