BNG Members Patches

Patch 1 Patch 1 was discontinued because it did not work on 100% of cards and was replaced with Patch 2 which does. **If you applied Patch 1 and it worked, There is NO need to apply Patch 2.**

Patch 2 This repairs the April 20 th ECM. This is the **full** program. To install the program: Download, unzip to a temporary directory and run setup.exe.

Patch 3 Patch 3 will update your BNG to 1C(28) updates. This prevents DTV from being able to cause a blackout by checking for the lack of updates.

The zip file contains 2 files Patch 3 and a Shortcut to your Windows Desktop. If your zip utility supports path feature. Unzip to C: and the patch will be automatically placed in C:\Program Files\PatchMaster Directory and the Shortcut will be on your desktop. If not then you will have to do it manually.

(This is an update to the existing PatchMaster either 1 or 2, if you don't already have the full program installed you need to download Patch 2 also.)
